Suite 905
New York, NY 10022

Dear Mr. Posner,

I am a sophomore pre-med student at Bethany College near Salina, Kansas. I have been researching the assassination of President Kennedy for five years.

I am writing to inquire as to what steps I must take to obtain copies of your interviews with the Parkland physicians who treated President Kennedy. I would be pleased to receive transcripts, tapes, or both. Obviously, I will gladly pay any copying fees in advance.

Your assistance in this matter would be greatly appreciated.

Sincerely,

Brad Parker

Dear Brad -

I am not making any of my underlying interviews publicly available yet - there is still some litigation concerned with the book - at some point I intend to donate my materials to a university - I'll let you know when the status changes - Sincerely - Gerald Posner
